

# PCVITA Express Migrator for SharePoint ( File System )

## STARTS SECURE YOUR FILE SYSTEM BY PCVITA SOFTWARE

*Express Migrator for SharePoint (File System) is significant to sustain the originality and performance of your crucial File System and its attributes into your Office 365 SharePoint Server and On-Premise*

## Overview

PCVITA Express Migrator for SharePoint (File System) software will help you to migrate single or multiple file system (e.g. .XLS, .DOCX etc.) into Microsoft Office 365 SharePoint Server and Microsoft SharePoint On Premise

Besides, Express Migrator for SharePoint (File System) software requires no extra technical skills to start the entire migration job. The steps of execution are short, simple and easy to use graphical user interface. Integrate functionality, to perform multiple migration jobs at time.

The software has a setting module for character mapping configuration thus that assists users for special character replacement prior to the migration jobs.

The software requires an authentication access of SharePoint Server to establish the connectivity. Most significantly, the authentication by the administrator enables multiple migrations of File System to SharePoint 2007 and 2010 Server repository flawlessly.
